

CORPORATE DONATIONS

The mission of Shawn's Heroes for Life (SHFL), a 501(c)(3) organization, is to honor and enhance the lives of veterans, and increase organ donation awareness. In addition to hosting multiple blood drives throughout the year, and addressing individual needs of local veterans to improve his/her health, safety and quality of life as they arise, SHFL has established ongoing programs to provide for homeless veterans. Veteran support has largely consisted of providing backpacks filled with health and wellness items, welcome bins containing household essentials for veterans placed in housing through governmental housing assistance programs.
